

TECHNICAL **CHART 66**

STUCCO RASANTE

Description of product

Skim coat composed of extremely fine marble powders, special resins, oils and natural essences.

Application Field

Synthetic skim coat for interiors, excellent as a base for decorations, for very fine smoothing.

Product characteristics

STUCCO RASANTE is a synthetic leveling, filling skim coat with excellent thickening power.

Its special blend makes it more workable than other similar products.

STUCCO RASANTE is very smooth, fine and consistent, and guarantees a high level of spreadability.

The product is ready to use, but can be diluted with water if necessary. It is a product that guarantees good breathability to the walls where it is applied, thanks to its careful composition.
